

INLAND VALLEY DEVELOPMENT AGENCY

SOUTH LENA ROAD IMPROVEMENTS

June 18, 2009

ADDENDUM NO. 3

This addendum includes sheets 1 through 2 and attachment BD-1 through BD-20 and must be signed by the bidder's authorized representative and permanently attached to the signature page of the Bidder's Proposal (i.e. stapled).

Proposals submitted without Addendum or with an unsigned Addendum will be determined to be non-responsive and will be discarded.

1. This Addendum 3 includes the answers to all RFIs received by June 18, 2009 and not answered in Addendum 2 as follows:

Q. On page sp-22 it states "Traffic control plans are provided to the contractor for his convenience." Our set of plans did not include "Traffic control plans".

A. Traffic control plans have not been generated/supplied by Designer. The specifics in this chapter do not apply to this project. Nevertheless, the general traffic safety information would be valid and required.

Q. Who will be responsible for lane closure fees if the City requires them. And if the contractor is required to pay, how much per lane closure?

A. Street closure fees are determined by the City of San Bernardino. Information is available from the City at Contractor's request. The fees can be charged to the Agency upon presentation of receipts. Section 8-1.02 specifies the procedure.

Q. You need to check the quantity for "Item 113". The bid quantity is 7,000 cy (about ½ the cy). Our take off is much less than that.

A. See revised Bid Item Schedule included in this Addendum.

Q. The item description represents that we will be paid for both excavation and embankment. The specs indicate that we will not get paid for embankment.

A. See revised Bid Item Schedule included in this Addendum. SP-40 confirms payment of embankment, too.

Q. How is the existing asphalt removal at the driveways to Kohler to be paid. The quantity for "item 108" is not correct, our take off indicates a lot more.

A. See revised Bid Item Schedule included in this Addendum.

Q. There is an existing DI at Sta. 17+25, what gets done with it?

A. See Bid Item 115

Q. The plans are not clear as to what must be done with the fence along the westerly side, we have no way of knowing if this is even in the work area.

A. The plans do not anticipate relocation of the westerly fence.

Q. The fence along Norman and Orange Show Road, the specs are not clear as to how to handle this work.

A. Consider it included in the lump sum for Clearing and Grubbing – Item 107

Q. It appears as if two utility poles at Norman and one at Orange Show Road are in the limits of the work. How will this be addressed?

A. Two Edison Distribution poles and one Edison Transmission poles will be relocated by Edison.

Q. What is to be done with the irrigation and landscape in the median of Orange Show Road?

A. See revised Bid Item Schedule included in this Addendum.

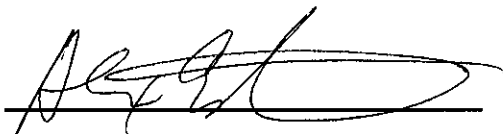

Q. There is an electrical service at 648 Orange Show Road that appears to conflict with the work. No indication how this is to be handled.

A. The electrical service in question does not fall within the project limits.

2. Item # 135 – Total quantity for installation – 11 ea. Agency will provide nine 25' poles, the rest of the material, two poles and eleven mastarms with lights, shall be provided by Contractor

3. Pages BD-1 through BD-20 in original Bid Documents have been substituted to BD-1 through BD-20 attached to this Addendum 3.

Reminder: Bid submittal deadline has been changed for 2:00 p.m. on July 2nd, 2009 at IVDA's office, 294 S. Leland Norton Way, San Bernardino, CA 92408.

BID SCHEDULE NOTES:

The unit price for each item identified on the Bid Schedule must be written in words and also shown in figures. All blank spaces appearing on the Bid Schedule must be filled in. In case of discrepancy in Bid Amounts, **unit prices shall govern over extended amounts, and words shall govern over figures.**

The total price must be extended for each item of work and the total of all items inserted in the space provided. Bidders shall complete and submit entire BID DOCUMENTS section as their bid to the IVDA. Failure to do so will result in bid being non-responsive.

Total bid price for the entire contract work shall include the cost of labor, materials, equipment parts, implements, taxes and supplies necessary to compete the project, as based on the IVDA estimate of quantities of work.

BIDDER declares that this Bid is based upon careful examination of the work site, Bid and Contract Documents.

BIDDER'S INFORMATION AND SIGNATURE:

It is the understanding of the undersigned that the work hereinabove described shall be commenced within 10 working days from the date of the "Notice to Proceed" is issued by the IVDA, and shall be completed within 100 Working Days from the date of said notice, as directed in **SECTION 4** of the Special Provisions.

The undersigned further agrees that in case of default in executing the contract, or furnishing necessary bonds, all within the specified time, the proceeds of the Bidder's Guaranty accompanying this bid shall be paid to the INLAND VALLEY DEVELOPMENT AGENCY (IVDA) as liquidated damages.
