Q1. There are several forms attached to the end of the RFQ, but no instructions accompany them. Would you like us to complete and return these forms as part of our submittal?

A1. Yes, these forms are for the Principals of the lead Construction Management firm and its subconsultants.

Q2. Will the geotechnical compaction testing, inspection and lab services be under a separate RFQ or will it be included in the Construction Management contract and to be provided under the Construction Management firm?

A2. It will be included in the Construction Management contract.
