**WELCOME OUR NEW AVIATION DIRECTOR,
JOHN WILLIAM (BILL) INGRAHAM, A.A.E., TO THE
SAN BERNARDINO INTERNATIONAL AIRPORT**

The San Bernardino International Airport Authority (the "Airport") is pleased to announce that Mr. Bill Ingraham, A.A.E., will join the Airport as the new Aviation Director. Mr. Ingraham served as the Director of Airports at the County of San Bernardino for the past seven years. He directed the management, maintenance and operations of six County airports; and provided support and counsel to the Airport on technical aviation-related matters. Mr. Ingraham previously served as the Assistant Director of the Oklahoma City Department of Airports, where he served as the Chief Operating Officer for Will Rogers World Airport, a medium hub commercial airport, and two general aviation airports. While in Oklahoma City, he was integral in the design and financing of a new passenger terminal and chaired the Airline Relations Committee. Mr. Ingraham also served for 12 years as an adjunct professor providing instruction in aviation law and aviation management courses in addition to various aviation ground school courses.

"As the Airport is in the midst of preparing its facilities for commercial and corporate aviation activities, Mr. Ingraham's extensive knowledge and experience in the aviation industry will be very helpful in moving these critical projects forward," said Interim Executive Director, Don Rogers. Mr. Ingraham will also represent the Airport on numerous aviation committees including the Southern California Association of Governments Aviation Task Force, the Southern California Regional Aviation Authority and the San Bernardino Associated Governments.

Mr. Ingraham holds a Masters of Business Administration Degree and is an Accredited Airport Executive (A.A.E.).
