TIPPECANOE RECONSTRUCTION PROJECT

As part of its efforts to improve transportation circulation, and through a \$36.5 million Inland Empire Goods Movement Gateway Bill, the Inland Valley Development Agency (IVDA) is proud to announce the reconstruction of Tippecanoe Avenue. Construction will begin on Monday, August 6, 2007, and is anticipated to be completed by Friday, February 29, 2008. A \$5.3 million contract was awarded to Matich Corporation at the IVDA board meeting held on July 18, 2007. This project will include widening of Tippecanoe Avenue from Harry Sheppard to the Santa Ana River crossing. It will also include a new traffic signal in front of the U. S. Forestry San Bernardino National Forest Headquarters building. All updates will be posted on our website at www.sbdairport.com. Any questions should be directed to Mr. Alex Estrada at astrada@sbdairport.com or (909) 382-4100 x 231.

We apologize for any inconvenience this may cause; however, please be assured that a safe north/south access will continue to be provided throughout the duration of the project.
